<ol style="list-style-type: none"> 1. A lot of information provided. In some instances the information provided begged for other questions to be asked. Time did not allow for this. 2. It was a little too much info for the time allotted. Probably could have been a 1/2 day inservice. 3. Good to hear what others do to accomplish the same task. 4. Good review and new info 5. Nice job Bob! I feel like this committee is doing a great job of keeping us up to date with all the changes. We will need some help when the process goes on-line. How about our certificates for the walkthrough training? 6. We are lucky to have such a passionate member like Bob Sondegroth that is very active in this area. 							

3. Please rate the benefits of attending the legislative update.

<ol style="list-style-type: none"> 1. We already had most of the information. 2. Pretty much information we already had. 3. Wish the info was better. 4. I heard all I needed from Rep. Eddy. 5. Good to hear directly from the horses mouth. Need to look for a pontoon and Texas hold 'em party. 6. I appreciated having Representative Eddy give us a budget update and Nicole did a nice job of giving us the highlights of pending legislation. 7. Representative Eddy seems to be a genuine person and good for education. 8. We should possibly have this a few times a year. 							

4. Please rate the format of the inservice (presentations by knowledgeable IARSS members and ISBE staff.)

<ol style="list-style-type: none"> 1. It was good to have ISBE staff involved again. 2. I am glad we are getting back to the process of inservice realtive to us all. i.e compliance, H/L Safety, Certification etc. we have had many distractions the past couple of years. With all the information to present and the number of new members it would have been better to cover a topic. I am aware of time constraints etc. a suggestion for future inservices like this would be to have a room designated only H/L Safety, only Compliance, only Certificatoin etc. Spend the mornig on one topic, repeat the topic in the afternoon. Next morning do the same. This is a planing sugestion for future dates. A two day inservice session would have to be the way to go. 3. I thought that there wasn't much wasted time and the program proceeded in a logical direction. 4. We must take advantage of our experienced members and develop our relationships with ISBE 5. The people presenting were very knowledgeable. 6. I think we need to continue to have a mix of presentations done by IARSS and by pofessionals, state board personnel, and legislatures if possible.

<ol style="list-style-type: none"> If they could be posted a day or two before the meeting, we could be responsible for bringing our own. Cut costs for those presenting AND save time passing out the handouts. Thanks for putting them on the web. I was waiting for the new forms! They will be more useful when they become accessible via the webpage.

<ol style="list-style-type: none"> I do not think it is appropriate to pray before lunch at our meetings. Offer some soda in the afternoon Great meeting place. Food was excellent. Round tables are difficult to work at - see presenters. Very nice place. Simple, yet professional.

<ol style="list-style-type: none"> I would like to see us go back to a 1 1/2 day or 2 day session. Come in on a Wednesday eve., dinner/social hour(s) work all day Thursday and 1/2 of Friday. Head for home. I know not feasible this year, maybe down the road. Excellent for our travel and return!! Joe did a nice job of keeping us on task. Its nice to know we have good leadership and that Marc is willing to take advantage of the good people in our organization. 							

9. Comments about the day in general/Suggestions for future inservice topics. . .		Response Count
<ol style="list-style-type: none"> The seating arrangement was good. It forced us to sit with people we did not know. I am glad we didn't spend half of the day discussing the law suit or complaining about other things we had no control over. See all the above. Thanks for all you do Marc. We are headed in the right direction. People need to be reminded if side conversations are necessary (sometimes they are)- please step outside. I thought the inservice was terrific. Thanks for your hard work! Good overview of topics for beginning of school year. Good day! It was informative as always and the information given is extremely helpful and presented by knowledgeable members whom are always willing to assist. One day and Done--great. Traveling 2 hours makes the day just right. I appreciate the work of the Inservice Committee and those involved with presentations. All of these activities take people's time.....Thank you... Together in Education Liked the way the meeting moved along with very little rambling on the part of the presenters. 	15
